Our Mission Statement:

The purpose of the BCBA is to maintain a healthy economic and cultural environment in this small mountain town, by promoting a cohesive bond between the various organizations representing the valley population and business, with a positive sense of community while respecting and embracing the diversity of each individual.

Robert's Rules of Order is the standard for facilitating discussions and group decision-making. Copies of the rules are available at most bookstores or quick reference online. Our bylaws state that we will follow these rules. This helps with having one active discussion during a meeting as well as only one individual having the floor at a time.
