-The horse drawn carriage was well received and next year the horses should be lit with battery LED lights to be more visible.

-The early shift for Santa worked well and should be continued next year, and it would be helpful if some "elves" could be found to help Santa.

-Abby called during the meeting and she said she would provide the contact information for the 2 Santas, so that thank-you notes can be sent.

-The Board felt the contact information for any person playing Santa, should be known to the Board prior to the event.

-It was suggested that Mountain Community Theater be contacted to see if they could provide a Santa for next year.

b) 2016 Board Election review

-It was discussed that for next year, that the December election not be scheduled during the December Mixer as it may not be the appropriate venue for an election. Several ideas were suggested but no decision could be agreed upon. Future election scheduling will be discussed again at a later date.

e) New Project Ideas for 2016

-Tamara suggested working with the Boulder Creek radio station to help broadcast the 4th of July parade, for example, using an app so people could use their phones to hear the grandstand announcements. The board felt this would be a good idea to pursue. It was suggested that the radio station personnel be contacted to see if that would be possible.

-Janet suggested the possibility of a joint BCBA / BCFD fundraiser to help the FD who have had to cancel 2 fundraisers this year. Some sort of fun "color run" as a unique fundraiser for the spring was suggested. The board felt this would be a good idea to pursue. Janet will speak to the BCFD fundraising committee.

-Janet suggested looking into the possibility of replacing the historic signage, which is now on paper, to some sort of more permanent, historic looking signage. The board felt this would be a good idea to pursue. After discussion,

it was decided to speak with Linda from the Museum, after the first of the year, about the project.

-Janet to add the BCBA event dates to the SCM Bulletin calendar and to send a "save the date" for Supervisor Bruce McPherson to attend and speak at the Installation Dinner and Auction on February 27th, 2016.
